

COMMERCIAL LED warrants this product against defects in materials and workmanship for three (3) years from the date of original purchase when used as directed. COMMERCIAL LED products covered by this Limited Warranty must be installed in accordance with the provided installation instructions as well as local and national codes and standards and utilized under normal, intended operating conditions. Failure to comply with Product warnings shall void the warranty.

This warranty does not apply to damage or failures caused by acts of God, as a result of any abuse, misuse, vandalism, fire, corrosive environments, power surges, excessive switching cycles, improper maintenance, abnormal use, tampering, or unlawful acts by third parties.

For any COMMERCIAL LED product that fails to operate as indicated, and at COMMERCIAL LED's discretion, COMMERCIAL LED will replace, in part or whole the COMMERCIAL LED product or issue a credit to the distributor only for the cost of a product due to defective materials or workmanship.

This is the buyer's exclusive remedy. Any other warranty, express or implied, including any warranty of merchantability or fitness for a particular purpose, is excluded and disclaimed. COMMERCIAL LED shall not be liable for any special, incidental, or consequential damages including labor, loss of use, lost profits, or injury to persons or property. Should COMMERCIAL LED provide replacement or components, COMMERCIAL LED will, at its option, repair or replace the COMMERCIAL LED product with the same or equivalent product or component parts. If COMMERCIAL LED chooses to replace the product and is not able to do so because it has been discontinued or is not available, COMMERCIAL LED may replace the product or component with a comparable product. Furnishing of a replacement COMMERCIAL LED product or part under the terms of this Limited Warranty **shall not** begin a new warranty period related to such replacement COMMERCIAL LED product or part but rather shall be limited to the original warranty period associated with the warranted product.

The warranty period starts on the date of installation. If the date of installation is unknown or undetermined, the warranty period will start at the wholesale purchase date.

Credit is calculated as follows:

$$\text{Credit (\$)} = \frac{\text{Invoiced Purchase Price (\$)} \times \text{Unexpired Original Warranty Period (months)}}{\text{Warranty Period}}$$
